FOR T. WATER

What is it? - This said Bragg was at one time, was in the Mustang Livery made sale

by the originator, Mr Geo W Westbrook, with the composition of which Bragg had agreed to do. Mr W. paid Mr B. \$50,000 for a half interest in the article. Of course, for such a large sum of money was that "the Bragg, should have been, in any manner, directly or indirectly, interested in manufacturing or selling any medicine, ointment, or salve?" Mr Westbrook heavily engaged in outside business. To meet his property and pay Bragg, he offered to sell this Liniment to the Government of the United States, made the advances held the cancelled receipt—Bragg's receipt in full for \$50,000—and the true owners of the Liniment. We took immediate means to examine its recipe, protect its title, increase its sale, etc. We believed then, and now, that no advertisement was so cheap as a really good medicine, and that our interest lay in making this Liniment the best of the world. The Liniment, always popular, was never entirely the same attention as now. The very best materials are used—the recipe is alone ours. In less than six months from our purchase of the Liniment, Mr Bragg entered the market with an imitation and count-repit article, under our name. We presented his contractor of the article; he scouted the matter, and took the position by the business under the name of his son. He has struggled for some time, to make his article sell. It is not liked: the people say, "it has no virtue." Is not his failure an exposure, and the immense success of our Liniment, the glowing occasion of his loss, (disinterested) public appeal? This Park and the Government, between Barnes & Park and G. Bragg, are interested in the genuine article and its article of such universal necessity as this medicine. Will you be jaded upon it? We remained quiet; he mistakes the cause, and made slow. We warn him of the results; if he proceeds farther: it will be when we can not tolerate any more villainy, and when we dare not punish a perpetrator, and protect our rights. We manufacture the original genuine Mustang Liniment. We are responsible for its effects. Respectfully,
BARNES & PARK

 MR. EDITOR:—The time has come when it is
 necessary for some member of the medical pro-
 fession to devote his entire attention to chronic
 diseases. The rapid advancement that is
 making in the healing art, with the discovery
 of its various branches, renders it impos-
 sible that any man can become proficient in all,
 hence the necessity of each man devoting his
 life to a speciality. The profession never
 was what it ought, till it is divided into spe-
 cialties. Dr. BORN, who will be in your town
 on surgical diseases. I will send to our citizens
 who are acquainted with Dr. BORN, and know
 him to be a well educated and successful physi-
 cian and surgeon, and an honorable gentleman
 who are laboring under any of the diseases
 his speciality, would be well to call on him.
